Metro College Success Program

GRADUATION WITH EQUITY AND EXCELLENCE

Want to get your college degree quickly? Want to make a difference in your community?

The Metro College Success Program can help you succeed through:

- One-on-one support
- Working in a community of students and faculty
- GE classes you need to graduate or transfer
- Accelerated pathway to graduation/transfer
- Classes that connect to real life
- College and career skills to help you achieve your goals

What is Metro?

Metro is a two-year learning community or academy of two or three courses each semester that share broad career or topic themes. All Metro courses satisfy general education requirements so you can transfer and/or go on to complete your bachelor's degree in any major. Metro students receive tutoring, advising and support in developing strong academic skills. They learn to write and speak with confidence, master mathematical concepts, and think critically about real-world issues. Metro students learn how to give back to their community and make a difference in the world.

Why Metro?

Adjusting to college can be challenging. Learning in a small, supportive community of students and faculty can help you thrive through your first few years at City College of San Francisco or SF State.

Who Can Apply to Metro?

All students meeting SF State and/or CCSF admission requirements will be eligible to apply to Metro.

How to Apply to Metro?

The Metro application will be available on February 2 for online or mail-in submission. For more details on the admissions process, please visit the websites below.

Access SF State Metro application at:
